Whether you're a resident or a visitor, you'll discover little-known gems and rediscover classic gardens—all of them places of beauty, history, drama, and excitement.

Good reference for anyone interested in gardens. I was on a guided tour and wanted to know about the gardens before I got there.

So many beautiful gardens nearby to visit. Might be my goal for the next five years to try and visit several of these gardens. Some I have already been to and would love to re-visit.

Just got this book today! OMG! This book is amazing. The pictures are stunning, and so much information. Don't let the (paperback) fool you. Well worth the money.

I am fairly new to Oregon and am definitely directionally challenged. Am enjoying looking through this book and finding some great gardens that I can get to quite easily.

Item as described, Thanks!

Fabulous! There are several gardens in the area I did not know about. Planning day trips now!

Great garden book... Wish there would have been a detailed map

Beautiful book with interesting facts, some little known, about NW gardens.
