TERRANCE TALKS TRAVEL: The Quirky Tourist Guide to Key West by Terrance Zepke is a pearl for travelers and tourists visiting Key West, a companion that will bring readers to the most exciting and memorable places in Key West. Beautifully written by someone who seems to have explored all the nooks and crannies of Key West, the author breathes the spirit of the place. I remember Paulo Coelho saying that when one travels its best to avoid the popular, most frequented places if one wants to have the best of one's destination. TERRANCE TALKS TRAVEL: The Quirky Tourist Guide to Key West will bring you to places that hold great surprises. The writing is beautiful and the voice is jovial. You'll discover the best accommodations for families, the best tours, best places for dessert. Many travelers will be hearing about the Conch Train, The Key West Devils Rum and many other excitements for the first time. This is the best thing to have if you plan a visit to Key West. Simply brilliant!

This guide was great to read and well I really want to visit the places he talks about. This book gives you a great over view of places with everything you need to know about each one. Its not only a great guide for adventure but also for moral travel as well. This book gives everything you need from tips on how to save money, things to do before and after you plan, what to about government situations and more. I really liked how this book covers so much. Its a great book if your looking to travel.
