Ultimate German: Advanced: Book (Ultimate Advanced)

Synopsis

A Complete Lesson Book and Reference Guide
Lively, up-to-date, authentic dialogues
Clear explanations of grammar
Cultural highlights
Business vocabulary and etiquette
plus Grammar summary
Verb conjugations
Glossary
Developed by the experts at Living Language, this book offers a highly effective combination of advanced conversational German with grammar and culture. This sequel to the Basic-Intermediate Ultimate German book covers the equivalent of two years of college-level study. 20 lessons, each with a lively, authentic German dialogue that takes you everywhere from a vineyard to a film festival – to a lawyer's office. English translations and explanations of German grammar and usage, pronunciation, vocabulary, and cultural notes. Special sections on business vocabulary and etiquette. Quizzes and review sections to check your progress. A complete summary of German grammar, and verb charts covering all major tenses. A section on letter writing for business and social occasions. An extensive two-way glossary. While this book stands on its own as a complete course and an invaluable reference, you'll find that using it with the recorded lessons is even more effective. Along with the recordings, Living Language: Ultimate German: Advanced cassette packages include this manual.

Book Information

Series: Ultimate Advanced

Paperback: 432 pages

Customer Reviews

“A really great package for those who do not have the time to sit in a classroom, or the money to spend on two years in a foreign country.”
– Juergen Kempff, Ph.D.,

Curriculum Director, University of California-Irvine
“Authentic” enlightening and useful
I like the fact that the business section was closely related to the dialogue
makes the learning process more fun and realistic.
Marisa Castro Cid, World Trade Institute Language Center --This text refers to an out of print or unavailable edition of this title.

Text: English, German

Ultimate German Advanced is wunderbar, I lived in Germany 4 years, after free beginners course offered, moved on to I, II, III . How lucky was I to have the same professor. Disregarded studying for 10 yrs. When I become an empty nester, it became a hobby, not studying. Studied your material from local library, kept renewing, finally tried another book that was suppose to be a higher level. It had the cute color pictures. GUESS WHAT? for it to be higher level; I began towards the end of book. This material will hold me a long time. When I ever finish this course, I see you have higher level. Hopefully the words can roll off my tongue faster. Thank You, Great Teachers, like your style. Lastly, when it's all said and done, Baaaby, you got it !

This is a great language course for advanced learners.

Ultimate German, Advanced, is an old package, cassettes you know!, but decided to go for it due to price. It was in great shape, the book and cassettes both. There are many dialogues on practical subjects, performed by native speakers of course, and read very fast for the most part, so it should be great for comprehension at conversational speed. However, it would be helpful to have it done once at a slower speed so as to be sure of correct pronunciation.

If you are learning German this is not bad and reasonably useful. I have used a lot of different learn German programs and they all have their good points. This one is as good as any.

Having completed both Barron's German I & II, I decided to try this to stay in practice while working abroad one summer. The layout is simple, and not dry as many would consider the FSI courses to be; however, as far as the breadth of material that is covered, I consider FSI to be superior. FSI I & II covers the entire gamut of German grammar (from present tense to Konjunktiv/subjunctive), whereas the material in UGA seems to rest in between them. Thus, grammatically, FSI will take you beyond

UGA. That said, the format of FSI might not be enjoyable for all as it is riddled with repetitive grammar drills. However, FSI is preferable for me. So, in short: if you really enjoy laborious grammar exercises and would like to learn the full breadth of German grammar, FSI is certainly the one you want. UGA is an excellent program, but probably more geared towards those who are interested in practical situations and not in grammar mastery.

Excellent quality, price and service. Highly recommended.

I have almost finished a German computer program after 10 months of study. The book covers material I haven't seen before.

Great product. Prompt delivery. Thanks
