Very useful. A little confusing for me, as this was my first time in LA. The map makes things look much closer than they are. Also, I think on one side, where one of the folds it, the section of the city shifts up a bit - you can tell b/c there is a disconnect in the roads - which confused me at first. I suppose it's to show a more useful section of the city. Still, a very good map (shows sites of interest, etc.) and would recommend it.

print is small and cramped-difficult to see and read

Very convenient and did not tear under heavy use. Was a bit confused about the labeling of the enlarged sections of the map. But, better map (more legible) than the fold out one that I also purchased from another vendor.

Uncomplicated layout --- very easy to read; just what was needed.

you better be young or have a magnifying glass to read this map. but it will be nice to have in the car as we explore LA

So necessary. You'll be glad you bought this!

Good map for fast reference, very handy!

Bought this for my mum and she loves it! It's a great tool for tourists like her to rely on. It's user-friendly and very durable and well made.
