PRESSURE COOKER: DUMP DINNERS: Delicious Quick And Easy Recipes For All The Family (Cookbook, Quick Meals, Slow Cooker, Crock Pot)

Synopsis

Over 100 + Tasty Recipes! 4 Free Bonus Books Included! Read this book for FREE on Kindle Unlimited - Download Now! To many people, the pressure cooker is an out-dated appliance, having been replaced with microwaves and slow cookers. The notion of using pressure to cook food may seem impractical, but it is in fact as fantastic application of science with numerous advantages. Pressure cookers can cook food faster than almost any other method. Furthermore pressure cooked food retains all of the embedded taste of other methods and leaves very little cleaning or washing up. Finally, as the pressure cooker has been available for several decades, there are hundreds of recipes for all the traditional family friends meal you are used to. From creamy risotto, to beef stew and from rice pudding to crÃ¢me caramel, the pressure cooker is versatile and powerful cooking tool. Customer Reviews

Some great and inspired dinners from the pressure cooker.

no easy to read on tablet..

I would like to give this 4 1/2 stars just because there are not any pictures, but the recipes ease make up for any missing pictures. These are great easy basic recipes that fit well into my lifestyle. I have a rather picky husband, and 2 boys, and these recipes are all things I can make quickly and with minimal complaints. Which is a win any day.

Pressure Cooker cookbook Delicious quick and easy recipes for all the family Each recipe has ingredient list, servings, prep time and how to put the meal together. There are no pictures and no nutritional information but you should be able to substitute for your dietary needs. Love this book because it can be for any pressure cooker and instructions are clear and ingredients are fresh. I make my hard boiled eggs a bit different but still same process-through trial and error on my part. A KEEPER!

This recipe book has recipes for meat eaters and vegans. The first half of the book the recipes are in English, the second half is translated into Spanish.

I have made a roast in the pressure cooker, it came out nice and juicy and tender. I used the slow cooker function for chili and it came out great. It

An awesome collection of recipes that will quickly become favourites in our family. It is wonderful to have all these recipes together in one place. Thank you

Cooking is a hobby. I have had dozens of cook books that I've spent hours in used book stores going through. I've tried maybe a hundred different recipes from the books but my favorite is learning how things are done and then adapting them to what I want. I am getting a new high end pressure cooker and looking for recipes to use. I would like to think I know what looks like it will work and what won't. Disclaimer: almost nothing will work for everyone everywhere and I don't know of anything that doesn't work better for you once you figure out how to tweak it for your situation. This book is just recipes. Just what I wanted and from what I can tell look like they will work and more they have common, as in you can find them in just about any supermarket, ingredients. However it is not actually a recipe book for pressure cookers. So I guess it will not do for what I need it too

although it does have what appear to be good recipes in it. I have also read maybe 50 reviews for various other books. Something seems wrong when you don't see something like: "On the baked Parana with Okra, recipe their instructions worked fine, even if I'm generally used to..." type action. I mean something that shows the book is actually being used and it works by someone who sounds like they know up from south west. Not seeing a lot of that. Sort of makes you go

"HMMMMMMMM....", know what I mean?
