Fabulous book !! Got this for my other half who immediately could play the tunes. It is for intermediate-advanced and the results are the sounds of ELO !!Some forgotten titles in here which were a surprise. Love us some ELO !!!

Great compilation of Jeff Lynne's works. He's the best.

The arrangements for songs contained in this book are sadly lacking all of Jeff Lynne's instrumental riffs and interludes. For example, "Telephone Line" arrangement leaves out all the synthesizer segways and Mr Blue Sky leaves out the entire 1 1/2 minute instrumental ending of the song! Poorly compiled book of sheet music.

Has all their best songs! This is a great songbook and a great gift for a piano player.

For such a heavily instrumental group, this songbook is unsurprisingly basic. There are a couple of

errors and throughout the songs the vocal lines are reflected in the piano parts which I consider a very cheap way of making sheet music. It would be nice if the piano parts were exactly as they were performed on the recordings. However, the notes are essentially accurate for the most part and if you are a big ELO fan and are having trouble figuring out certain chords or lyrics you will find this volume helpful.

What can I say? ELO is the best. I wish they had a "Off The Record" note for note transcription of these songs in a book. A book with all the bells and whistles.

Awesome

ELO is the best. I wish there were more piano oriented songs but music books for the band are hard to come by.
