In the words of PW's starred review, Newbery Medalist Fleischman's fictional treatment of this Civil War battle "relies on individual voices to give a human face to history. The result is at once intimate and sweeping, a heartbreaking and remarkably vivid portrait." Ages 10-up. Copyright 1995 Reed Business Information, Inc.

I bought this to read to my 8 year old who was very interested in the Civil War at the time. I really enjoyed it. The chapters are very short and concise and often written in the vernacular. Great for young readers beginning 3rd grade. I highly recommend for kids interested in history. Didn't give a full 5 stars only because my sons interest faded after several chapters. I think he didn't emotionally connect with the narrators. Each story has a new narrator which is such a great idea, but for some young readers that style may not draw them in. But don't let my son's lagging interest keep you from reading the book. Good for adults and young readers alike!

I like the way many different people describing the civil war in their own point of view. Although the author said all but one character in the book were fictional, their differing personal experiences expressed much like as in a journal felt quite real. I like his descriptions in this book as they were mostly understated and never, if my memory serve me right, mawkish. I saw how quickly the people who decided to join the army based on emotion only regret their decision when they see there are as much pain and gory sights in a war as glory, if any, is in it. I recommend it to children. 5 stars for the complicate and realistic plot and good understatements.

Great historical fiction book for teaching point of view!

The book made me imagine what it must have been like to be alive during the Civil War. Pretty intense at times, but it was an intense time in our history. I couldn't stop thinking of the poem "War Is Kind" by Stephen Crane.

Very good book!! my 13 year old son don't like to read a lot but He loves to read this book

.. and what war really looks and feels like..Well painted.Now is the time to look the other way.
