A Perfect Pet For Peyton: A 5 Love Languages Discovery Book

Synopsis

This wonderfully imaginative children's hardcover book by bestselling authors Gary Chapman and Rick Osborne, featuring four-color illustrations (with hidden details!) by Wilson Williams, Jr., will help children learn the importance of love. Based on Gary's highly successful *The 5 Love Languages*®, *A Perfect Pet for Peyton* tells an entertaining and playful story of five children who each, with the help of Mr. Chapman and the unique pets at his special emporium, discover their own personal love language. Children and parents alike will experience firsthand the power of the love languages as they cuddle up and spend precious time together reading this book over and over again. The cast of child characters in this whimsical story include: Peyton, one of the birthday celebrants, loves to help others, and appreciates it when others do little things for him. Penny, Peyton's twin sister, who receives love best when others spend quality time with her. Jayla, one of Penny's close friends, is always saying nice things about people. Her love language is words of affirmation. Kevin, one of Peyton's close friends, enjoys giving things to people. Sofia loves to pet the animals, and to show her love for others with special hugs.

This is an adorable book that I suggest all loved ones get for their littles. My daughter took a very keen interest in it and asks for me to read it every night so that she can take the quiz at the end. It helps to build up our mother/daughter bond and learn each other's love languages. I will warn you though, it is VERY long for a children's book.

As a psychotherapist, I was able to utilize this book for group counseling with emotional/ behavioral disabled students to teach the importance on how to "give"and recieve "love". I need to say that it was a blessing to experience their ability to get involve in the roles of each character and provide feedback and understanding to each other about this great and important concept of love languages. A Pet for Peyton is an adventure that will take kids and adults in a journey that teaches, entertaints and makes one identify the 5 love languages in an remarkable way.*just a tip for counselors or teachers: after reading the book and completing the quiz. I had student cut out a heart template and look through magazines of pictures that represent their top two love languages and glue them on their heart. It was very exciting to see how they could memorize and reflect on the actions and emotions related to their love language.Enjoyed your 5 love languages with your kids. God Bless you !!!!

Per a friend's recommendation, I purchased this book to support my children (9,7, & 4 yrs). The children's feedback is invaluable after reading the book. They each quickly identified with one of the characters and with the guided questions provided, my relationship with each one has evolved. I now make sure that I factor in their love language. Thank you Mr. Chapman! PS. It's improved all my relations.

I really enjoyed reading this to my son, but for a 6 yr old he was distracted by the lengthy paragraphs on each page, he's usually pretty attentive but there was so much to absorb on each page, plus there was an activity of searching for items on each page, if I had tried to break it up and only read a few pages one night and the rest the next night he wasn't putting the links together. The content is very good and it's ideal for kids who love animals but the read is just long, i would cut a few sentences out just to get to the next page without losing the focus of the content.

Easy read for children and educational for adults unfamiliar with the 5 Love Languages. Large pictures for small children with hidden things to look for by older kids. Pleasant story line with happy ending. Presents different practical ways of expressing loving kindness for all age groups.

Great!

Maybe it's me, but I have a hard time reading this on my Kindle Fire. I know the text expands, but I

have had a hard time navigating it. Now as to the actual book and pictures, it's outstanding. I can't wait till my 7 month old daughter is a little older and appreciates books more. Right now, she's not the book worm her mother was at her age. :) This will be a good tool to teach her (and her Dad!) the 5 Love Languages.

Not so much into the artwork but the book brings together the love languages in a lovely way for children. Mine loved it and it really helped them to come to recognise other's love languages and how we can begin to notice them. Great work!
