The Mystery Of The Stolen Statue (Third-Grade Detectives)

Synopsis

The Third-Grade Detectives are looking forward to their field trip to a local art museum, where a priceless fifteenth-century statue of Joan of Arc is on loan from a Paris museum. But when they arrive, they discover that the statue has been stolen! The police quickly find the statue -- smashed into pieces and thrown in a Dumpster. Why would someone steal the statue only to destroy it? It looks like a new case for the Third-Grade Detectives -- even if the museum director doesn't seem to want their help.

Customer Reviews

George Stanley was a Professor of African and Middle-Eastern Languages and Linguistics at Cameron University. In between prepping class lectures and grading papers, he found the time to write for children. He was also the author of Night Fires and the Third-Grade Detectives series.

she got it for christmas and could not put it down, she had it read in no time and anything that keeps a 7 year old reading and reading is a ten star in my book

These series of books are great. I bought it for my soon to be 9 years old that is in currently in 3rd grade. The difficult part was making him put the book down.

My son loved this book. He used it for his mystery book report. It was easy to read and follow along.

My daughter loves

Son likes it.

was a gift for a new teacher starting her classroom library, She loved it

Enjoyed

I got this book for my daughter and she loved it so much, she read the entire book in one day. That is important because an engaging book means the child will come back to read on their own without anyone asking them to.
